

Organization of business and scientific events

About company

The company "INNO-MIR" was established in 2013. One of the main activities of the company is the organization of scientific events.

Our events are a **unique style**, **individual approach** and **personal attitude** to each participant, regardless of the scale of the event.

Respect, loyalty and professionalism are our main principles in work.

An abstract, artistic background featuring a large, textured splash of purple and magenta paint. The splash has irregular, feathered edges and is surrounded by smaller droplets and splatters of the same colors, as well as some red and pink hues. The overall effect is dynamic and expressive, set against a plain white background.

Reputation**

A stylized world map is centered on the image. The map uses a color palette of various shades of blue and green, with some areas appearing more saturated than others. The continents are outlined in a darker blue. Overlaid on the map is the text '15 000 delegates from all over the world' in a bold, yellow, sans-serif font. The text is arranged in two lines, with '15 000 delegates from' on the top line and 'all over the world' on the bottom line. The background of the image is a light blue with a subtle, repeating pattern of small white dots, giving it a textured, paper-like appearance. The entire image is framed by a thin, dark blue border.
